## AUSSIE MOSSIE

Don Spencer/Allan Caswell

Published by MCA-Gilbey

She's a little Aussie mossie in her Aussie mozzie cossie,  
And she's looking for a possie on your unprotected skin.  
When she's finished her inspection she will give you an injection,  
and you'll have to itch to show you where the Aussie mossy's been.

There's a great proliferation in the mossie population -  
It's a constant irritation to us all...  
Yes - it's - hard to feel affection when she heads in your direction,  
Cos the little Aussie mossie is out to get us all.

You can hear her coming, buzzing and a-humming,  
But she's hard to see.

Travelling incognito, here comes the mosquito -  
With her stinger aimed at me!

It's the female of the species that's biting us to pieces,  
Cos the Aussie mossie's brother doesn't bite at all.

There's a great proliferation in the mossie population -  
It's a constant irritation to us all...  
Yes - it's - hard to feel affection when she heads in your direction,  
Cos the little Aussie mossie is out to get us all.

You can hear her coming, buzzing and a-humming,  
But she's hard to see.

Travelling incognito, here comes the mosquito -  
With her stinger aimed at me!

She's a little Aussie mossie in her Aussie mozzie cossie,  
And she's looking for a possie on your unprotected skin.  
When she's finished her inspection she will give you an injection,  
And you'll have to itch to show you where the Aussie mossie's been.

There's a great proliferation in the mossie population -  
It's a constant irritation to us all...  
Yes it's hard to feel affection when she heads in your direction,  
Cos the little Aussie mossie is out to get us all.
