## COO-EE

Don Spencer/Allan Caswell

Published by MCA-Gilbey

When you're out there in the bush and you're trying to find your friends,  
If you ever want to tell them where you are.  
Take a deep breath, put your hands around your mouth,  
And make the sound that always travels far.

### *Chorus*

*Coo-ee (coo-ee), Coo-ee (coo-ee),*

Lift your voice up to the sky, start it low and finish high,

*Coo-ee (coo-ee).*

*Coo-ee (coo-ee), Coo-ee (coo-ee),*

When the sound is getting clearer, you know they're getting nearer,  
And soon you'll hear a coo-ee in reply.

When you're out there in the city and you're trying to find your friends,  
If you want to tell them where you are.  
Even if you're in a crowd, and the traffic sound is loud,  
Make the sound that always travels far.

### *Chorus x 2*

*Coo-ee!*
